

Language Institute Membership Application

blendedschools.net is a not-for-profit corporation that provides robust, engaging learning environments.

Services provided by blendedschools.net to Language Institute members include:

- Opportunity to enroll an unlimited number of students in the Language Institute for a fee per student per course.
- Training is provided for districts' Language Institute Primary Contacts.
- Blackboard access is provided for students enrolled in Language Institute courses.
- Elluminate or Wimba Live Classroom access is provided for students enrolled in Language Institute courses.
- Exclusive discount prices for blendedschools.net's business associates' online curriculum, higher education enrollments, educational materials, software, professional development and support services.
- Regional elective representation on the blendedschools.net Board of Directors.

General Principles of blendedschools.net Membership:

- 1) School districts and educational service agencies may join as Language Institute members, Videoconference members, Online members or as combination Videoconference and Online members, and receive services accordingly. Videoconference and Online memberships include a free Language Institute membership.
- 2) Each member school district and educational service agency is limited to supplying and/or redistributing blendedschools.net products, resources and services to students, parents, community members and teachers who reside in their geographic service area.
- 3) Each member school district agrees to participate in the blendedschools.net monthly meetings.
- 4) Each videoconference member school district agrees to send and receive courses via videoconferencing technology within blendedschools.net when available.
- 5) Each member school district agrees to send representation to the annual face-to-face meeting.
- 6) Each member school district has a responsibility to share with other affiliates information gained from its distance education experiences.
- 7) Distance education technology (videoconferencing, online learning, etc.) will be used to share resources between schools and institutions in a reciprocal manner, avoiding, whenever possible, a buyer/seller relationship.
- 8) Each member school district will continually strive to maximize the use/benefit of distance education for all students.
- 9) Original content created by the blendedschools.net, such as online courses, are the exclusive property of blendedschools.net. Each member school district and educational service agency is prohibited from licensing, selling, renting or otherwise repurposing blendedschools.net original content, including but not limited to copyrighted curriculum and instruction, trade secret rights, mask work rights, trademark rights, and all intellectual and industrial property rights throughout the world relating to any and all works of authorship, mask works, designations, designs, know-how, ideas and information made or conceived or reduced to practice, in whole or in part, by each school district and educational service agency during the term of membership and for three years after termination of school district or educational service agency membership.
- 10) The Board of Directors sets annual membership dues for the Language Institute, Videoconference and Online memberships.

Please return completed form to Sheri Border, blendedschools.net, 2527 US Hwy 522
South, McVeytown, PA 17051 or fax (814) 542-2569
